PROFESSIONAL SUMMARY

Frontend Developer with a degree in Systems Analysis and Development, experienced in real-world production applications and focused on building modern, high-performance, and accessible user interfaces.
Background in incremental modernization of corporate systems, frontend integration with ASP.NET backends, and consistent application of best practices such as Clean Code, SRP, and UI Architecture.

PROFESSIONAL EXPERIENCE

CREA-SP – Regional Council of Engineering and Agronomy of the State of São Paulo
Frontend Developer Intern – EDAD | Jun 2025 – Dec 2025
- Contributed to the **incremental modernization** of a large-scale institutional web system
- Developed **pages** and **reusable components** using TypeScript, Tailwind CSS, and Vite
- Integrated modern frontend solutions with legacy **C# ASP.NET Web Forms**
- Organized code following **SRP**, using partials and clear separation of responsibilities
- Wrote and maintained unit tests for frontend components
- Integrated frontend with internal **APIs** and **DB2** database

PROJECTS

Personal Portfolio — Next.js App Router
GitHub: https://github.com/The-Souza/personal-portfolio
Live Demo: https://guilherme-personal-portfolio.vercel.app
- Conscious use **of Server Components** and **Client Components**
- **Internationalization (PT / EN)** with react-i18next
- Reusable and well-structured component-based architecture
- Modern UI with **Tailwind CSS**, **shadcn/ui**, and **react-bits**

TECHNICAL SKILLS

Frontend: Next.js (App Router), React, TypeScript, JavaScript, Tailwind CSS, Component-based UI, i18n
Backend: Node.js, Express, C#, ASP.NET Web Forms, REST APIs, JWT, Supabase (Auth and Database)
Databases: PostgreSQL (Supabase), SQL, DB2
Best Practices: Clean Code, Single Responsibility Principle (SRP), Layered Architecture, Unit Testing

EDUCATION

Associate Degree in Systems Analysis and Development (ADS) - Anhanguera University — Completed

LANGUAGES

English: Intermediate technical reading and vocabulary | **Spanish:** Basic comprehension
